12 CALL TO ORDER AND ROLL CALL

13 Board Chair Diane O'Hara called the meeting to order at 5:30 pm  
14

15 PUBLIC POLICY

16 Tom Goulette reported the Huot Center in Laconia is looking to earmark state funds for an expansion  
17 effort. Tom said the School Board and the City Council have to request the state building aid for this,  
18 but the city council is split regarding the matter due to the tax cap in the city. Tom said the Huot  
19 Center is seeking support from the surrounding communities that send student to the Huot Center to  
20 communicate support of this expansion. Pret asked if the Huot Center will increase tuition to cover the  
21 cost of this expansion. Tom said they will not since the state sets the tuition rate.  
22

23 A resolution was made by Sumner, and seconded by Heidi, to support the Huot Center in their  
24 expansion program. The motion passed.  
25

26 SAFE ROUTE TO SCHOOLS

27 Mike Cozort reported that there is an effort in both communities to obtain funds for the Safe Routes to  
28 Schools. Currently Canterbury has a \$5,000 grant to assess the needs and conduct surveys, and the  
29 next funding release of \$15,000 will allow the town to complete data collection and analysis. Mike  
30 said Belmont's effort to get a sidewalk on Church Street is not going well since the grant is not to  
31 connect schools, like the middle school and high school, but to have a safe route for elementary and  
32 middle schools. Mike said John Corrigan would like to make a presentation to the board and town  
33 officials.  
34

35 The meeting was adjourned at 5:50 pm.
